

ACP Plumbing Solutions

CAPABILITY STATEMENT 2026

Trusted plumbing solutions for Victoria's construction industry

OVERVIEW

Commercial plumbing backed by advanced technology, expert teams and 17+ years of experience.

ACP Plumbing Solutions is a trusted delivery partner for commercial plumbing and maintenance projects across Victoria. We specialise in commercial construction, infrastructure and restoration works for Australia's largest builders. Backed by an experienced technical team, advanced technology and project management expertise, our focus is on seamless service, and consistent quality and safety — supporting our partners to deliver with confidence.

ABOUT US

An industry leader in technical expertise.

Established in 2009, we have grown to become recognised as an industry leader for our technical expertise and client-focused approach. Privately owned and operated, ACP Plumbing Solutions is known for providing service excellence to our portfolio of long-standing clients.

We are strategic with the integration of technology and technical skills to efficiently manage projects end-to-end. With ISO accredited systems, our construction partners have peace of mind when it comes to quality assurance, environmental considerations and safety standards, which allows our team to work on complex projects, in high-risk environments.

“Our clients stay with us because we do what we say we will — safely, on-time and within budget.”

AARON

Managing Director

SERVICES

Three service streams, one accountable team.

COMMERCIAL PROJECTS

We understand that every project is unique and we partner with construction companies, healthcare facilities, and educational and government institutions to understand their specific project needs, budget and delivery timeline.

MAINTENANCE + RESTORATION

We partner with Australia's largest builders and insurance companies to identify, report and rectify plumbing issues. Our team are experts in emergency response, diagnostic plumbing and roof restoration works. We also provide preventative maintenance advice and services.

CIVIL

ACP Plumbing Solutions specialises in infrastructure projects, delivering reliable and compliant plumbing and drainage solutions for both public and private sector developments.

FIRE SERVICE

WHAT OUR CLIENTS SAY

Relationships measured in decades.

“I have had a strong working relationship with ACP Plumbing Solutions for over a decade. They are consistently responsive and reliable, and their wider team builds strong, positive relationships with our staff. ACP Plumbing Solutions operate collaboratively with a strong focus on quality workmanship and clear communication; attributes that are consistently appreciated by both our team and our customers.”

MICHAEL SILVER

Regional Warranties Manager

“As a maintenance manager of multiple residential homes, it is imperative to align yourself with quality trades. ACP Plumbing is exactly that. Knowledgeable and professional with fast turn around times. I wouldn't use anyone else.”

RIKKI ROUGHTON

North-East Area Manager

“The ACP Plumbing Solutions team exhibits a model that professional trade service firms should engage as best practice, which will ultimately avoid costly future re-work. It seems companies like ACP are breaking the negative stereotype associated with most trade businesses.”

LOU PASCUZZI

Developer

“Working with ACP Plumbing Solutions was a great experience from start to finish. The crew was professional, friendly, and clearly knew their trade inside out. They handled all plumbing elements with no fuss, kept everything on schedule, and were always quick to respond to any questions or changes along the way. The end result was clean, well-executed, and exactly what we were after. It's refreshing to work with a team that's dependable and takes pride in getting things done right. We'd be happy to work with them again and highly recommend their services.”
